California State University, San Bernardino
With the support of the NATIONAL SCIENCE FOUNDATION
Mathematics and Science Scholars (MASS) program
MASS Transfer Student Application Form

The National Science Foundation (NSF) has awarded CSUSB a grant for scholarships to students majoring in mathematics and science disciplines at CSUSB and who meet the described eligibility criteria. It is designed to recruit and retain more students to the STEM disciplines. The MASS program targets academically talented students who demonstrate financial need and who intend to pursue a major in mathematics, engineering or science. Need-based awards will be up to $4000.00 per student for a year as long as the student is enrolled full-time and remains in good academic standing. Students with no financial need may still be admitted to the program, which offers many advantages, including priority registration, and receive $100 stipend from the College of Natural Sciences.

Eligibility Criteria:
1. Full-time enrollment (minimum 12 units per quarter) at CSUSB with a declared major in Biology, Chemistry/Biochemistry, Computer Science/Engineering, Geological Sciences, Mathematics, or Physics.
2. Transfer cumulative GPA must be 3.3 or higher.
3. Evidence of financial need, as determined by the Office of Financial Aid at CSUSB.
4. Must be a citizen of the United States, National of the United States (as defined in section 101 (a) of the Immigration and Nationality Act), alien admitted as refugee under Section 207 of the Immigration and Nationality Act, or alien lawfully admitted to the United States for permanent residence at the time of submitting your application.
5. Must have a demonstrated interest in science and in actively pursuing a career in either scientific research, industry or in teaching science in one of the STEM disciplines. (Biology, Chemistry/Biochemistry, Computer Science/Engineering, Geological Sciences, Mathematics, and Physics)

To Apply:
You must first complete and submit a CSUSB application. This can be done online at http://www.csumentor.edu.
Submit a FAFSA (Free Application for Federal Student Aid) either through the Financial Aid Office or online at http://www.fafsa.ed.gov.
Complete and return the MASS Application Form. Include a copy of your most recent community college transcripts. (Official and Un-official copies will be accepted.)
Submit a personal essay describing why you should be chosen and why you are pursuing an education in mathematics or science.
Two (or more) letters of recommendation, at least one from a science or mathematics teacher or professor, must be submitted.
Return completed application to: MASS Program, College of Natural Sciences, CSUSB, 5500 University Parkway, San Bernardino, CA 92407-2397.

Application Deadline:
1. MASS applications are reviewed as they are submitted. There are many awards available. Awards will be made until funds are exhausted.
CSUSB/NSF- Math and Science Scholars (MASS) program
TRANSFER Application Form

Please complete all areas of the application. Type or print legibly

To Maintain & Renew your MASS Award you must:
1. maintain full-time enrollment (minimum 12 units per quarter) at CSUSB with a declared major in Biology, Chemistry/Biochemistry, Computer Science, Computer Engineering, Geological Sciences, Mathematics, or Physics.
2. demonstrate financial need, as determined by the CSUSB Office of Financial Aid
3. maintain a minimum cumulative GPA of 3.3
4. meet with your assigned MASS faculty mentor each quarter prior to registration
5. attend at least two College of Natural Sciences MASS seminars per academic quarter
Include a 1-page typed essay (doubled space, 12 point Font, Times New Roman) discussing your professional goals and explaining why you should be considered for the MASS program. Evaluation of your application will be based in part on content and composition of this essay.

**Suggested Essay Topics:**
1. Name one influential American scientist or mathematician of the 20th Century. Discuss why you think his or her contributions altered the course of modern science.
2. Assuming that your goal is to obtain an undergraduate degree in one of the participating science disciplines, what are your long-term plans after graduation?
3. How did your community college science education prepare you to pursue an undergraduate science degree at CSUSB?
4. Why have you chosen your particular major?

**Name, addresses, and contact numbers for your 2 references:**

**Name # 1:**
Title: ________________________________
Address: ________________________________
Phone: ( ) ________________________________ Email: ________________________________
How does this person know you? ________________________________

1. I give CSUSB permission to release this information to the NSF, if required.

2. I give CSUSB permission to publicize my MASS scholarship award.

3. I understand that, as a MASS scholar, I must be enrolled full-time (minimum of 12 units per quarter) in one of the STEM disciplines and must maintain a 3.3 GPA minimum in each quarter for the duration of my award.

4. I understand that my MASS scholarship might affect other financial aid awards, in particular any State University Grants.

5. I certify by my signature that I have read and understood the information in this application and that it is complete and accurate.

RECOMMENDATION LETTER FORM

To the applicant:
Under the Family Education Rights and Privacy Act of 1974 (FERPA), you are entitled to review this letter of recommendation or to waive your right to access.

Please check the appropriate box and sign below before giving this form to the individual from whom you are requesting a letter of recommendation.

(  ) I waive my right to review this letter of recommendation.
(  ) I do not waive my right to review this letter of recommendation.

To the endorser:
Please include this form when submitting your letter of recommendation.
You may use this form or you can submit the recommendation on your school’s or organization’s official letterhead.

Name of applicant: _______________________________________________________

How long have you known the applicant and under what circumstances?
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

How would you rate the applicant in comparison to all other students you have known in the past three years? (e.g., 5%, 10%, 25%, etc).
________________________________________________________________________
________________________________________________________________________

Why do you recommend the applicant for a scholarship? What qualities, personal characteristics, and interest does the applicant possess which make her/him outstanding among other students?
